

MedCerts - Consumer Information Disclosure Form

Description of Institution:

MedCerts is a training provider for Health Care and Information Technology (IT) certification programs, in a mentored learning format. MedCerts develops comprehensive online programs leading to certification in fields that are both high-growth and in-demand. Utilizing expert instructors, proactive support from online mentors, and professionally developed courseware, workbooks, and student guides, our three to nine-month programs consistently prepare students for certification success. Each program is flexible, self-paced, and has been successful when applied to funding sources such as the Workforce Innovation and Opportunity Act (WIOA) and the Military Spouse Career Advancement Account (MyCAA) program.
